Order description: _____

Memory from: Laptop/Macbook PC/iMac Internal hard disc External hard disc SSD USB-Stick/Memory card Data recovery software 65€ Cleanroom laboratory data recovery: _____ €

Diagnostic price: 69 € and/or approval of costs: _____ €

Tips and conditions:

- We assume no liability for SD cards, possible secondary damages and any overrun.
- The order must become 7 days after communication about the end of our work pays and fetched / sent one.
- In case of a prevention you are obliged to inform us in a contemporary way.
- "Normal" data rescues are concluded as a rule between 2-4 weeks. Difficult ones also are able sometimes 1-6 months last. For example, you have 30 songs á 3.5 MB (105 MB) on a hard disc. The normal copy would be ready during minutes. However, to the rescue one needs, because the hard disc is damaged, per song 45min = 22.5 hrs - They see this a data rescue is very time-luxurious, so you have please patience!
- The respective data carriers are only opened when the spare parts exist. Should which be ordered here from the USA, Asia or other parts of the world, this is extended by the respective delivery time.
- Data carrier cases are not returned, because these must be opened in some cases by force.
- With your signature you accept our Terms and Conditions and our privacy agreements. You find this on www.computerhilfe-hamburg.org/agb and www.computerhilfe-hamburg.org/datenschutz
- All prices are given retail prices - No identity card by sales tax, because small enterpriser according to §19 UStG.
- Please, follow for data protection reasons exclusively the principal the data carriers can fetch!
